

Petitions or Prayers for farmworker justice

For the farmworkers who toil in the fields day after day to pick the food that nourishes us and yet struggle to provide for their own families, let us pray to the Lord.

For the liberation of those who are held against their will in modern-day slavery in the fields and elsewhere, let us pray to the Lord.

For tomato growers and farmers everywhere, may they honor the full human dignity of the farmworkers through a just relationship in which they work together to food our nation. Let us pray to the Lord.

For companies that purchase tomatoes, may they heed the call to practice social responsibility through purchasing practices that advance human dignity, let us pray to the Lord.

For the Coalition of Immokalee Workers and all those who are working to transform our food system to respect farmworkers, let us pray to the Lord.

For all of us, may we remember those who harvest our fruits and vegetables and partner with farmworkers to work for justice and dignity, let us pray to the Lord.
